

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

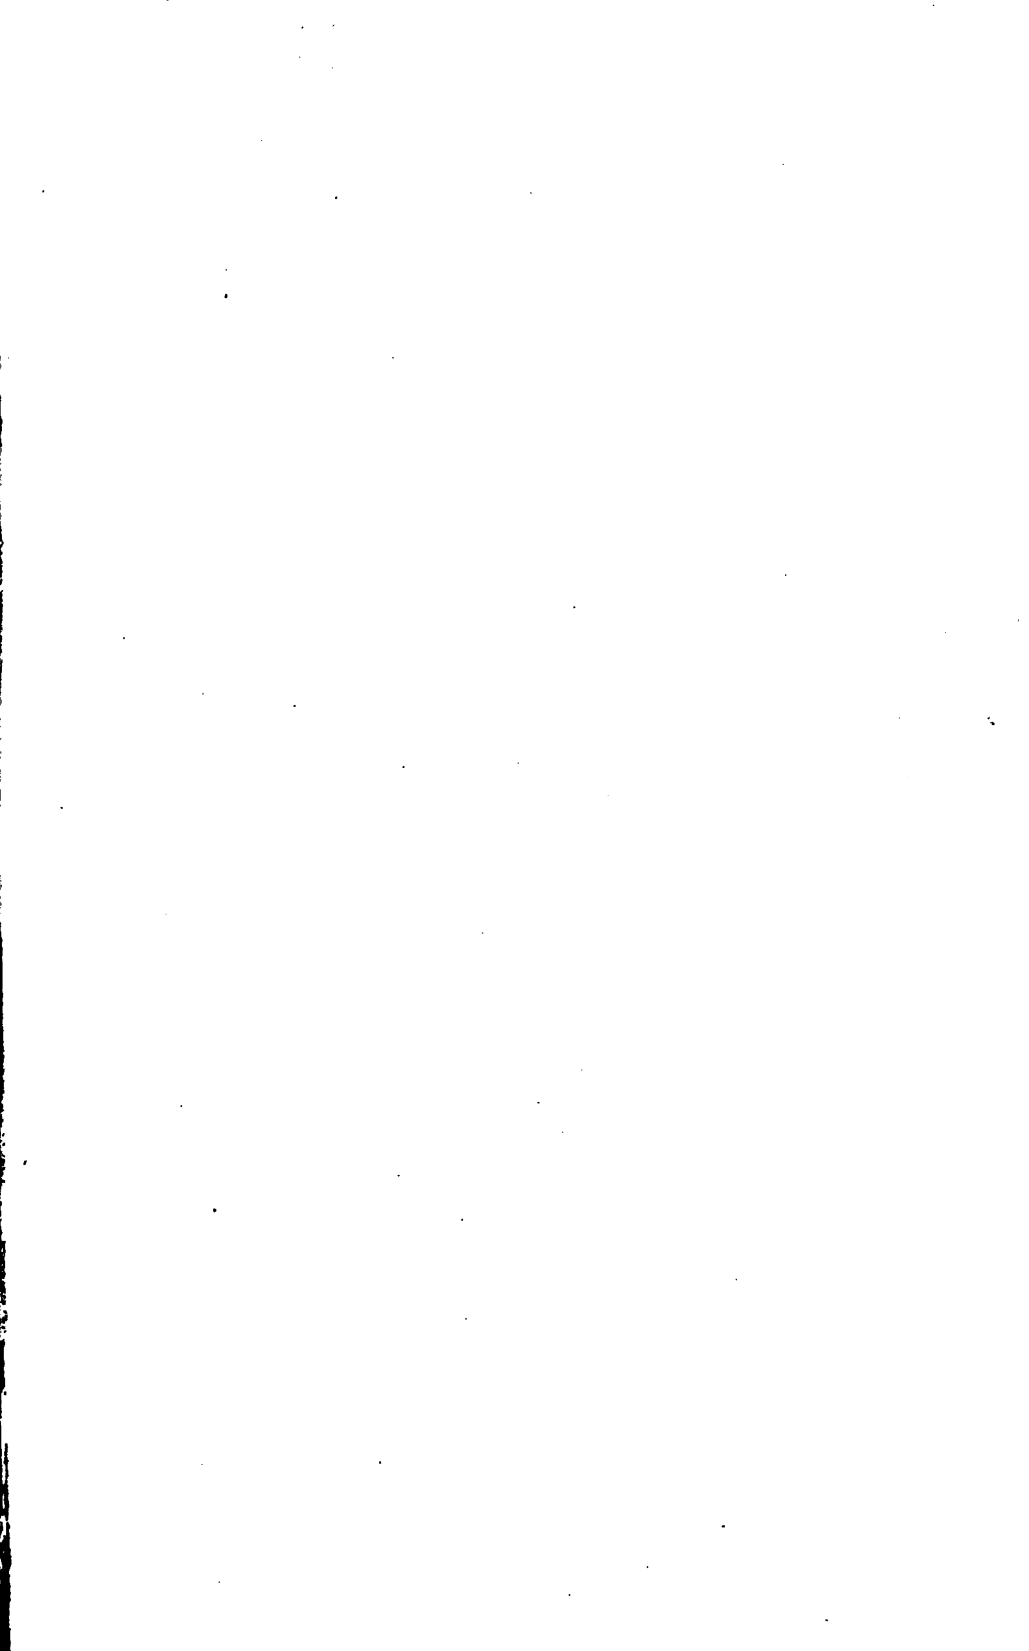

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PREFACE.

In the present issue are contained the marriages of nine Cornish parishes, all of them, with two exceptions, in the deanery of Bodmin. To print together the entries of contiguous parishes is not always practicable: but, whenever it is possible, it seems best to make proximity a guiding principle in the selection of the contents of each volume, inasmuch as until the Index is compiled, it renders the volumes more convenient for the purposes of reference, while the general interest in the series will be maintained by choosing a different centre as often as circumstances permit.

It is gratifying to welcome herein the assistance of new contributors, for it is only by means of a united effort on the part of those who value our parochial records, that the work can be successfully carried forward and completed within a reasonable space of time. Up to the present the supply of material has greatly exceeded the demand. This has caused the contributions of several parishes to be held for a long time in reserve. With the issue of two volumes a year, this accumulation of copy will soon be exhausted, and it is therefore hoped that all incumbents who recognise the importance of the undertaking will co-operate, if not by engaging actively in it themselves, at least by affording every facility to those who are good enough to copy the entries.

If an equal amount of support be given to this and succeeding volumes as was given to the last volume, there can be no doubt that the work will be continued without

interruption and that its practical bearing will become more apparent as it becomes more widely known.

In every case the parochial entries have been carefully compared, with and, in some cases, very largely supplemented from the Bodmin Transcripts. By this means the value of the Cornwall series has been greatly enhanced. Under Endellion, for example, it will be seen that no less than one third of the total number of entries have been obtained in this way, thanks to Mr. Shadwell, the courteous Registrar of the Probate Office, while all the other lists have gained much both in accuracy and in completeness with the exception of Lanhydrock and St. Merryn, of which parishes no transcripts appear to have been deposited at Bodmin.

Readers will find the prefatory note under Warleggan instructive. It confirms what has been urged in a previous volume concerning the extreme importance of the present series as a means of securing the contents of the parish chest against the like irreparable loss, which has deprived of its most interesting volume a parish which, if tradition may be trusted, was once regarded as the Gretna Green of Cornwall.

Cornwall Parish Registers.

Marriages at Sheviocke,

1570 to 1812.

NOTE.—For a careful description of the first volume of the Sheviocke Registers the reader is referred to the prefatory Note of Mr. A. J. Jewers, F.S.A., to his printed copy of it, contained in Notes and Gleanings, 1892. The work undertaken by Mr. Jewers in arranging and transcribing the fragmentary bundles which constituted this volume deserves the warm acknowledgments of everyone who is in a position to appreciate the value of the records themselves, and the labour involved in thus rendering them available for use. The second volume is bound in boards, is beautifully written and has been carefully kept, except from 1740 to 1750, where some carelessness is evidenced, and where the number of marriages leads one to suspect omissions. The entries in this volume from 1754 to 1777 run concurrently with those contained in the next volume—Hardwicke's register—but the details are less full than in the latter. The handwriting of Volume III. is very indifferent. The Editors are indebted to the Rev. G. Pole-Carew, M.A., Rector of Sheviocke, for copying the marriages of the last two volumes and for permission to print them together with those transcribed by Mr. Jewers.

VOLUME I.

[The marriages of Sheviocke, contained in certain sheets of parchment and fragments of sheets, copied from a very careful transcription by A. J. Jewers, Esq., and printed originally in May and June 1892 Notes and Gleanings.]

[The next entry is dated 10 Feb. 1814.]

Marriages at Blisland,

1539 to 1812.

NOTE.—The Blisland marriages from the earliest entries to 1812 are contained in four volumes. The oldest of these includes all entries (Baptisms, Marriages, and Burials) down to the year 1704. From 1539, when the Marriage Registers begin, to about 1658 it appears to be a copy of an older record neatly written in a clear hand, but in places the ink is a good deal faded.

At the time of the Restoration of the Monarchy and afterwards the Registers suffered, and, indeed, but little attention seems to have been paid to them until the second book was begun. This second book contains the entries from 1704 to 1716. The third book, begun in 1716, brings the Baptisms and Burials down to 1812. The Marriages therein contained include, in addition to the entries from 1716 to 1755 (when Lord Hardwicke's Act came in force), entries of Marriages from 1755 to 1778. All but two of these are also found in the fourth volume. The last book gives the Marriages from 1755 to 1812, and also a Register of Banns, which, however, was kept only down to 1781. These names which appear in this last list, but not among the Marriages, have been added in a separate list at the end though they, of course, are no evidence of the ceremony having been performed.

The entries hereunder have been extracted by Mr. R. M. Glencross, B.A., of Lavethan, and are printed by kind permission of the Rev. E. Vernon Collins, M.A., rector of Blisland.

*Marriage not in St. Breward Par. Reg.

Marriages at Cardynham,

1675 to 1812.

NOTE.—There are no Registers at Cardynham of an earlier date than 1701.

The following list of Marriages has been compiled by Mrs. Glencross from three Volumes, the first of which presents some difficulty, especially between the years 1710 and 1715 where the writing is almost illegible. From 1754 to 1812 the Marriages have been entered in duplicate—in the old way and also according to the form prescribed by Hardwicke's Act. They are printed by permission of the Rev. F. Granville May, B.A., Rector of Cardynham.

Marriages at Endellion,

1684 to 1812.

NOTE.—The Registers of Endellion are very disappointing, the earliest volumes having long since disappeared. There is no record extant prior to 1735. By means of the Transcripts it has been possible to supply, not indeed a continuous but a much fuller list of the missing entries than might have been expected for the years 1684 to 1734. Mrs. Glencross has extracted the parochial entries, and they are printed by leave of the Rev. R. H. Treffry, M.A., Rector of Endellion, and Prebendary of Trehaverock.

Banns of Marriage, 1809, between Samuel Saunders Honey, of Endellion, & Mary Hayman, of the parish of Statton. <i>See p. 7</i> were published Oct. 1, 8, 15, 1809, by J. Pomery, Curate—without denial.		

Marriages at Helland,

1677 to 1812.

NOTE.—No registers of Helland parish are extant prior to 1722. The earliest existing register is in a very fair state of preservation and has been rebound. It contains Baptisms from 1722 to 1812, Marriages from 1720 to 1754, and Burials from 1722 to 1812. In the second volume are included Marriages and Banns from 1755 to 1812 according to the directions of Lord Hardwicke's Act. The editors are indebted to Mrs. Glencross, of Lavethan, for extracting the entries, to Mr. W. H. L. Shadwell, F.S.A., for allowing the insertion of all the marriages given in the Transcripts prior to 1722, and to the Rev. Walter Humphrys, M.A., Rector of Helland, for permission to copy and print the parochial entries.

Marriages at Lanhydrock,

1559 to 1812.

NOTE.—The earliest Lanhydrock Register contains Baptisms, Marriages, and Burials from 1558 to 1805. From this and from Hardwicke's Register the following list has been made by Mrs. Glencross. It is clear, from the Prefatory Note in the older book and given below, that the order of 1597, by which the clergy were enjoined to transcribe their registers anew on parchment, was not complied with at Lanhydrock until after 1624, the date of the creation of the first Robartes barony. It is also noteworthy that there are no transcripts of the Lanhydrock registers at Bodmin. Permission to print the Marriages has been given by the Rev. Prebendary J. J. G. Every, B.A. Vicar of Lanhydrock.

VOLUME I.

“The Register of the parish of Lanhidrok contayning all the Baptismes, Weddings, and Burialls that have been in the said psh. since the beginning of the Raigne of Queene Elizabeth, viz: since 17th Nov., 1558.

This booke was given to the psh. of Lanhidrock by the Right Honble. Richard Lord Robertes.”

Marriages at St. Merryn,

1689 to 1812.

NOTE.—The Registers of St. Merryn date from the year 1688. The books themselves are in good order, but the records have been kept from time to time in a most irregular way. Nine years of Baptisms are missing—from Dec., 1781, to Jan. 1790. Mrs. Glencross has extracted the Marriages, which are printed by permission of the Rev. E. Olivey, B.A., Vicar of St. Merryn.

There are no transcripts of this parish preserved at Bodmin.

Marriages at St. Minver,

1559 to 1812.

NOTE.—The records of the parish of St. Minver prior to 1812 are contained in seven well-preserved volumes. The early Marriages and Burials are given in the same volume. The Baptisms have been entered in a separate book. These two are the original registers and are bound in leather covered oak with the remains of old brass clasps. Permission to print the Marriages, which have been transcribed by Mrs. Glencross, has been given by the Rev C. H. Chase, M.A., Vicar of St. Minver.

Marriages at Warleggan,

1682 to 1812.

NOTE.—Within the memory of the present inhabitants of Warleggan, there was a Register in existence which is now missing. This Register probably contained the entries from 1540 to 1720; for Kelly's Directory states that the registers of this parish date from 1540 and the earliest existing register begins in 1720. The present rector has advertised for the missing volume, but without success. The entries hereunder given, which have been copied by Mrs. Glencross, are taken from two volumes (of which the handwriting is, in places, very indistinct), and are printed by permission of the Rev. C. Olive, M.A. Rector of Warleggan.
